

**TrustedQA, Inc. Honored as a
Northrop Grumman Corporation
2014 World Class Team Supplier**

RESTON, VA., Dec 5, 2014 – TrustedQA was recently honored by Northrop Grumman Corporation as a top performing supplier for their outstanding performance and support which significantly benefits Northrop Grumman and its government and commercial customers.

Northrop Grumman presented a **2014 World Class Team Supplier Award** to TrustedQA at the Waterford at Springfield located in Springfield, VA on December 4, 2014. The purpose of this award is to recognize those suppliers' whose hard work and dedication have resulted in significant contributions to the overall company goals. "Receiving this award from Northrop Grumman is such an honor. It has been a pleasure teaming with such a world class company and this award demonstrates our mutual commitment for success. This award will be proudly displayed front and center as we continue to provide Northrop Grumman with our highest level of service and support" said Neil Moyer, Executive Vice President of TrustedQA, Inc.

TrustedQA, Inc. has provided Quality/Information Assurance, Software/Systems Testing, and Configuration/Release Management services to both commercial and government clients since 1988. Visit www.TrustedQA.com for more information.
